

Petition to save the 1926 Alexandra Bridge

I the undersigned support the preservation of the 1926 Alexandra Bridge in the traditional territory of the Spuzzum First Nation as a national historic landmark and an icon of Canadian transportation history;

I support the provincial government playing a leadership role in assembling the financial and professional resources necessary to preserve this priceless heritage structure and lead the way in creating the coalition of government, First Nations, communities and businesses necessary to achieve this goal;

I urge Transportation Minister Todd Stone to make this project a top priority and to show leadership in assembling key corporate, government and community stakeholders to a common table to discuss practical next steps in restoring the bridge structure and creating safe pedestrian access to it;

Finally, I support the development of a long-term plan to preserve, restore and enhance this heritage tourism asset, essential to the heritage tourism infrastructure of the Fraser Canyon and the entire Gold Rush/Spirit Trails corridor;

Signed:
